RGD Tech Warranty Policy 2026

RGD Tech | Policy and Knowledge Base | Version 2026.1 | Effective 1 July 2026

1. Warranty Overview

RGD Tech provides limited warranty coverage for eligible products against specified manufacturing defects during the applicable warranty period.

2. Warranty Periods

Laptops: 24 months.

Smartphones: 12 months.

Tablets: 12 months.

Accessories: 6 months unless a product-specific warranty states otherwise.

3. Covered Issues

Manufacturing defects affecting normal operation may be covered.

Hardware failures that occur under normal intended use may qualify for warranty service.

Coverage is subject to product verification and applicable exclusions.

4. Exclusions

Physical damage, liquid damage, misuse, abuse, unauthorized repair, modification, and normal cosmetic wear are generally excluded.

Damage caused by incompatible accessories or use outside published specifications may be excluded.

Software issues caused by unsupported modifications may not qualify for hardware replacement.

5. Warranty Claim Process

Support may perform basic troubleshooting before opening a warranty claim.

Proof of purchase or order identification may be required.

Technical staff may diagnose the product before approving repair or replacement.

6. Repair and Replacement

RGD Tech may choose repair or replacement based on defect, availability, product condition, and applicable policy.

If replacement stock is unavailable, another approved resolution may be offered.

7. Warranty and Returns

A return request inside the standard return period is handled under the return policy unless the case is specifically routed as a warranty defect.

After the standard return window, confirmed defects are generally handled through warranty service rather than change-of-mind returns.

8. FAQs

Q: Is physical damage covered? A: Normally no.

Q: How long is the ProBook 15 warranty? A: 24 months under the standard laptop warranty.

Q: Is the warranty status of a particular customer's product stored in this PDF? A: No. The purchase/order records determine the transaction history; this document defines warranty rules.
